“ SAVE A LITTLE TO SAVE LIVES” campaign in aid of Haiti Earthquake Relief Fund

Dear Parents/Guardians,

In response to the world aid efforts for the victims of the recent devastating Haiti earthquake, the 4thPJ Co, Boys' Brigade is please to inform you of our “ Save A Little To Save Lives “ campaign to be launched in February 2010 , hoping to help in a small way as part of our community awareness from the BB members to our friends in Haiti.

We hope all parents /guardians will help your child to save at least 10% of the total angpows (red packets) collected from the coming Chinese New Year celebration to donate willingly to the children and families of the Haiti people. And for those who are not celebrating CNY, your tokens of appreciation will also help in one way or the other. What we want from you and the children, is to give generously and without compulsion , for God loves a cheerful giver.

This campaign will be on till end February 2010 and all donations collected will be channeled to the Malaysia Baptist Convention Centre, who will later channeled to the World-aid organization.

No amount is great or small but a loving world may heal and bless those who are in needs.

Together with my Officers, we thank you for your partnership in this program.

God bless you and your family.

In His service,
for 4thPJ Co. Boys' Brigade
